

smartvest® SIZING GUIDE

AIRWAY CLEARANCE SYSTEM

This sizing guide will help identify appropriate fitting for the SmartVest® and SmartVest Wrap®. All products are designed to fit a wide range of patients. Each is adjustable to accommodate patients who are slightly smaller or larger than the measurements indicated.

Note: An Extender may be used on any adult size SmartVest® and will add up to 14 inches to the chest circumference.

The SmartVest Wrap® is intended for patients finding it difficult to fit or apply the standard SmartVest®. Fit is based on the patient's chest circumference at the broadest point.
