

Your Therapy Just Got Smarter

Get Involved with Your Therapy Using
SmartVest® SQL® and SmartVest Connect™

smartvest®

AIRWAY CLEARANCE SYSTEM

BY ELECTROMED, INC.

Simply Smart HFCWO Therapy

Working with your healthcare team to make informed decisions about your therapy is now even easier.

Introducing SmartVest® SQL® with wireless technology, an innovative system designed to make it easy for you and your healthcare team to track therapy performance and collaborate in treatment decisions.

Through the SmartVest Connect™ online portal, you and your healthcare team gain unparalleled access to data that helps guide your therapy plan. Up-to-the-minute use monitoring lets you easily see how your therapy plan is working. A real-time SmartVest Score makes therapy fun, while notes and emoticon feeling ratings give you a way to update and track progress.

When used consistently, the SmartVest system significantly reduces hospitalizations, repeat antibiotic treatments, and emergency department visits.¹

Using the new SmartVest SQL with wireless technology couldn't be any simpler: just plug it in. The generator starts recording use as soon as treatment begins and sends data to a secure cloud location.

“Electromed made HFCWO therapy easy-to-use and easy-to-understand, which made a difference in Caleb’s health.”

—Erin, Caleb’s mom

SmartVest Connect: Designed to Improve Quality of Life

SmartVest SQL with wireless technology is the new way to manage your therapy. Created for patients and healthcare teams, SmartVest SQL with SmartVest Connect provides the personalized feedback you need to take an active role in your HFCWO therapy.

Easy-to-read goal reports provide you and your healthcare team an in-depth look at performance.

Notes make it quick and easy to communicate with your healthcare team about your therapy.

SmartVest Connect ensures that encrypted data is uploaded and stored securely.

Simply Smart
Access SmartVest Connect at home or on-the-go — therapy data is just a few clicks away, any time.

Get involved with your therapy using SmartVest Connect and the SmartVest SQL Airway Clearance System.

What's next? Following your in-home training, an Electromed team member will contact you to set up access to SmartVest Connect.

Get involved with your therapy using SmartVest Connect™ and the SmartVest® SQL® Airway Clearance System.
